KERRY HEALEY
Lieutenant Governor

ELLEN ROY HERZFELDER
Secretary

ROBERT W. GOLLEDGE, Jr.
Commissioner

ACTIVITY & USE LIMITATION (AULs) INTRODUCTION

This document provides an alphabetized list, by City/Town, of properties in Massachusetts where an "Activity and Use Limitation" (AUL) has been recorded or registered. An AUL provides Notice to users of property of the presence of oil or hazardous material contamination remaining at the location after a cleanup has been conducted pursuant to [M.G.L. Chapter 21E](#) and the [Massachusetts Contingency Plan](#). The AUL is a legal document that identifies activities and uses of the property that may and may not occur, as well as the property owner's obligation and maintenance conditions that must be followed to ensure the safe use of the property. The complete AUL is filed at the County Registry of Deeds office for the respective City/Town (see list). In addition, a copy of the AUL is available in Massachusetts Department of Environmental Protection (DEP) files and in some City/Town Offices where the AUL is located.

The list below defines the information provided in the list of AULs. Questions concerning this list should be directed to Matthew Cogliano, MADEP Bureau of Waste Site Cleanup (Matthew.Cogliano@state.ma.us).

Definitions:

Town:

The city or town where the release of oil or hazardous material occurred. Boston and Barnstable are also broken down by neighborhood or village (e.g., Boston-Brighton, Barnstable-Hyannis)

Release Address:

The number and street that most accurately describe the site/release location

Release Tracking Number (RTN):

The number assigned to every site /reportable release. This number is preceded by 1, 2, 3, or 4 depending on the region where the release/site is located (e.g., 3-0001234).

Corresponding regions are:

- Western Region = 1
- Central Region = 2
- Northeast Region = 3
- Southeast Region = 4

Site Name/Location Aid:

Describes the site in terms of its location, use, or type ("Bob's Gas Station" or "Across from Building 1").

Activity Use Limitation Description (AUL):

For each property, one or more Activity Use Limitations is listed below the property. The listed AUL statuses are Receipt, Confirmed, Amended or Terminated. AULs are listed in descending order by date (most recent AUL submittal date is first).

Registry Web Link:

This attribute allows the user to click on the provided link to one the MA Registry Web pages. The twenty-one Registry offices store Activity Use Limitation submittals specific to the towns in their district. In the Adobe Acrobat file hold your mouse pointer over the highlighted Registry Web Link, wait for the pointer to look like a hand and click to open the Web page. Some of the Massachusetts registries provide on-line search by town, address and submittal type (i.e. Middlesex South registry) and allow on-line retrieval of scanned images of AUL documents. Some registries may still require a visit to their physical location for document research. If on-line search is available, some of the registries list AUL documents as "NTC" (Notice). The link to the registry web page will provide registry location information and available search resources.
